

MILCOM 2022 Panel Proposal Submission Instruction

MILCOM 2022 is soliciting one to two-hour unclassified technical panels. Topics sought include leading edge communications and networking technologies, cyber, military and coalition communications, and acquisition strategies. Unclassified public access technical panel proposal cannot contain classified, ITAR-sensitive, or otherwise restricted information. Restricted access technical panels can have contents up to Controlled Unclassified Information (CUI).

Please submit an unclassified, publicly releasable proposal of your panel using the proposal template below. A panel consists of an organizer, moderator, and three to five panelists. The organizer may choose to also be one of the panelists. The time allotted for a panel will be determined by the size of the panel. Various panel formats may be proposed.

The full technical panel proposal shall be submitted by the **deadline of July 29, 2022**, via email to milcom2022panelchairs@gmail.com

- **DO NOT EMAIL CUI or FOUO materials directly to the email alias**
